Dear Mr. McGowan-Jackson:

The Division has reviewed your amended Notice of Intention (NOI) for the Bingham Canyon Mine permit boundary exploration projects and finds the amended NOI complete. The following proposed activities are inside the boundaries of permit M/035/0002:

Exploration drilling of 3 new holes received from Kennecott Exploration. All 3 Drill holes are proposed inside the Bingham Canyon Mine permit area.

This amendment is approved as proposed. Please submit form MR-EXP-Drill.pdf to the Division after the drill holes are abandoned. This form is available on the Division's web site at https://fs.ogm.utah.gov/pub/mines/minerals_related/forms/MR-EXP-Drill.pdf.

You may commence with your exploration activities as outlined. Please be advised that you are bound by the same mining and reclamation standards as outlined in the original NOI and the R647 rules and must receive written acceptance from this office prior to creating any additional disturbance. A copy of the amendment stamped approved is attached. Thank you for your cooperation. When in the area, a member of the Division staff will examine the site. In reply, please refer to file number M/035/0002.

Sincerely,

Paul B. Baker
